RE: Permit No. 63-31354

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit extending the time within which to submit proof of beneficial use to **August 1, 2005**. It is important that you work diligently toward the completion of the development during the construction period allowed since the department may not be able to grant additional extensions in connection with this permit.

Also enclosed is a Reinstatement Order the department is issuing due to the lapsing of this permit. The department has concluded that the reasons for delay were based on department error, and therefore, the permit is reinstated with no advance in the original priority date. This Reinstatement Order is being issued in the name of The University of Idaho Foundation since the Request for Extension of Time showed that name. However, the Assignment of Permit from the University of Idaho Foundation to the Idaho State Building Authority changes the permit holder's status to ISBA. All future correspondence will be sent to ISBA's address, unless a Change of Address or an Assignment of Permit is filed with the department.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact me at (208) 327-7953, if you have any questions or comments regarding this matter.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
