To clarify the Extension and Water Bank are two different processes. Since the explanations are on both forms to ensure IDWR can track the extension it would be good if you could complete the Resumption of Use form with a simple statement of "Leased to Water Supply Bank on March 13, 2012. Your previous statements are pretty easy to follow, but the form would help to close the extension. Thank you. I'm usually in the office by 7:30 am if you want to call me. 208-287-4910

Hi Danni. I got a letter from you- Notice to Resume Water Use on this right. You acknowledge in the letter that this right has been accepted in the water supply bank but that the law is not clear about forfeiture. I am trying to understand what that means or what I need to do, if anything, to further protect this right. ???
