RE: Transfer No. 77600

I feel the in the best interest of the water users of district 45-A, that transfer # 77600 would hinder the other water users. There being only 0.11 cfs of 1879 water right to water a total of 70 acres. I also feel that the water in the stream may be determined inadequate to reach a downstream point to be applied in a beneficial use for the water user, except on high water. So I oppose to the approval of this application.
