WATER RIGHT NO. 71-10934

3. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
4. The right holder shall not divert water at a rate exceeding what is reasonably necessary for the beneficial use authorized by this right.
5. Use of water under this right shall be non-consumptive.
6. This right does not grant any right-of-way or easement across the land of another.
7. When notified by the Department or by a watermaster with regulatory authority over this right, the right holder shall report the amount of water diverted in connection with this right. The report shall be submitted in the manner and frequency specified by the Department or the watermaster.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 30th day of April, 2012.
