Re: Application to Lease a portion of 95-467 and all of 95-467A to the Water Supply Bank

Dear Ms. Van Bussum:

Enclosed please find applications to lease a portion of 95-467 and all of 95-467A to the water supply bank together with our check in the amount of \$500. At the present time the Dalton Gardens Irrigation District pumps 16.0 cfs and is supplying water to 1019.8 acres within the district's service area. Since irrigation districts may move water within the boundaries of their service area, it is not possible to identify specific acres that are presently receiving water. Our application is to lease the remainder of our rights to the water supply bank. We appreciate the guidance you provided your letter of May 30 and apologize for the delay in returning applications that we hope will meet your requirements.

Please contact us if you have any questions.

Sincerely,

Dalton Gardens Irrigation District
