Kristin,

The next step is for your client to file proof of beneficial use when they have completed development of the permit. The deadline for them to file proof is May 1, 2014. They can file proof before that if they would like.

One thing to think about is the conditioning on the permit. When we go to license the right after proof is submitted, IDWR is going to need some sort of plan/explanation on how the conditions are/can be met, given that the 14 homes under 11-7641 are plugged into the same delivery system 11-7435 employs.

Subject: canyon estates wr permit app 11-7641

Nick,

I'm just checking on the Canyon Estates application for amendment of permit for 11-7641. I noticed that it made it through advertising. Do you know where it is or if it is in the process of approval? My clients are trying to move forward and are curious.

Thanks,

Kristin Moore
