SHELLEY KEEN

BRUCE M. SMITH (Attorney for Mr. Allen)

Dear Parties, these are letters protesting the proposed date change for hearings that are set for May 8th and 9th concerning applications for transfer 77121 and 77209 and applications for permit 65-23451 and 65-23457. If you have any questions please call Cris McClintick 775-272-3228, Randy McClintick 775-272-3374 and Terry McClintick 775-272-3374.

Dear IDWR

Shelley W. Keen,

I am protesting the hearing date change due to the fact I am a self employed Farmer and will be unable to attend in July. I will be starting mint harvest and cannot leave work for 2 days. This hearing is of extreme importance to me since it is our only water source.
Thank you

Terry McClintick

Dear, IDWR

Shelley W. Keen,

I am protesting the proposed date change for the hearing from May 8, 9 to July 17, and 18 for I have had to make special arrangements to leave my job as Post Master and its set for the original May dates... This hearing is of grave importance to our family for if this is delayed until July we will once again have yet another summer without our creek. In my opinion that is just what Mr. Allen is really trying to accomplish by changing the dates. Please consider the people this really affects.

Thank you Cris McClintick

Dear, IDWR

Shelley W. Keen,

I am protesting the hearing change from May 8, 9 to July 17, 18 due to the fact I am not available in July to leave work. I am self employed Farmer and I am the only mechanic here to keep it running. This hearing is very important to our family for the loss of our creek last summer caused us great inconvenience. I had my mother and sister at our cabin (in our family for 50 years) last summer and they were heartbroken over the very silent trickling creek. We need the natural flow of that creek back where it has been since the beginning of time. Thank you,

Randy McClintick
