Dana,

The 4 amendments were received prior to my leaving on Thursday, but the required \$100 per amendment (\$400 total) was not included. For this reason, we cannot complete the licensing process until the fees are received (a letter in reference to this will be mailed out on Monday).

Also, a couple of words on another condition had been crossed out, of which we had never talked about, nor agreed on. That condition is a standard conditions which was approved on the permit and carries over to the license, as it was worded on the permit. Only the one condition was agreed on for making any changes. This was approved of via your email, indicating that you approved of the language used in Mr. Colwell's water right XX-XXX48 (I am at home currently, and do not the have the entire file number).

If you have any questions, I can be reached on my cell phone 761-0280, otherwise, I will not be returning to the office until Monday morning (6am - 4pm).

Sincerely,

Sandy

Sandy:

George asked me to confirm whether you received the 4 Applications for Amendment that he mailed you earlier in the week.

Thank you,
Dana
