RE: Change in Ownership Water Right No. 13-4224 & 13-7391

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. The ownership change for 13-7391 has been completed and an acknowledgement letter was mailed on June 10, 2011.

Our review of your notice indicates that additional information is required for 13-4224 before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** Previous deficiency letter was mailed on February 3, 2012 (copy enclosed). According to the notes in the file an ownership change is required for Charles Neil and at the time his ownership change is submitted you will submit an agreement specifically splitting the water right. As of April 19, 2012 the department has not received the additional information, please supply the additional information within 30 days.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
