- F. VOLUME CALCULATIONS** Domestic; permitted at 0.04 cfs – none required
- G. NARRATIVE/REMARKS/COMMENTS**

Permit 36-8804 was permitted for the diversion of up to 0.04 cfs for domestic use.

Application for permit submitted by Samuel Suaste was received October 24, 2000 and proof of beneficial use was submitted February 20, 2001.

Taxlot data indicates the lot size is approximately 1.1 acres, with approximately 0.5 acres of potential irrigation. Point of diversion is located on an adjacent lot and also provides domestic and stockwater to the adjacent lot (water right 36-14501). According to Mr. Suaste there is a written agreement providing him access to the well. Condition 004 was placed on the permit and will be retained on the license as the permit holder doesn't own the land at the point of diversion.

Recommend permitting 0.04 cfs for domestic use.

Have conditions of permit approval been met? ☒ Yes ☐ No
