G. NARRATIVE/REMARKS/COMMENTS

The permit was originally filed for a four lot subdivision, the subdivision was never developed. In October of 2003 proof was filed for one home and 0.04 cfs. The owner was contacted by phone on 3/23/2012; he explained that the well is only used for in-house use. The property is a 33 acre parcel with a large pond (0.3 acre), lawn (2 acres), and tree farm (13 acres), all of which is supplied by Little Wood Irrigation District water.

It is recommended that the water right be licensed for Domestic use and 0.04 cfs.

The image is an aerial photograph of a rural property. A large, irregularly shaped parcel is outlined in yellow. Within this parcel, there is a small pond and a house. A blue line, representing a water line, runs from a pump station located on a road to the pond. The surrounding area includes various fields, some of which are green, and other smaller parcels. The text '1S 21E 23 SWSW' is visible on the map, indicating the section and township. Several callout boxes with yellow backgrounds and black text provide additional information about the water infrastructure.
