RE: Transfer No. 3739
Water Right Nos. 11-370, 11-371, 11-372, 11-7724, 11-7725 & 11-7726

Dear Right Holder(s) and other Interested Persons:

The Department of Water Resources (IDWR) approved your Application for Transfer of Water Rights No. 3739 on August 30, 1990. It was recently brought to IDWR's attention that the resulting split of water rights to represent the transfer approval was not completed. This oversight has now been corrected.

Enclosed you will find computer generated copies of the rights referenced above. Rights 11-370, 11-371 and 11-372 represent the balance of the unchanged portion of these decreed rights. Rights 11-7724, 11-7725 and 11-7726 represent the transferred portions with a changed point of diversion and place of use in Lots 31, and 32, Block 1, Bailey Creek Acres. The transferred rights are subject to Water District 11A.

The water right ownership has not been updated to reflect current property owners. Water Right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. I have enclosed ownership change forms and instructions for your convenience.

Please contact this office if you have any questions or concerns regarding these rights.

Sincerely,

Pamela S. Skaggs
Water Rights Supervisor
