The Idaho Department of Water Resources is in the final stages of issuing a license to the above mentioned water right. Before the department can finalize the process, additional information will be needed so that an annual volume can be determined. Enclosed is a Municipal Provider Questionnaire. Please complete the form and provide answers to questions 1 through 6 and return the form to the Northern Regional Office within the next 30 days, so as not to delay final processing.

If you have any questions, feel free to contact me at this office.
