CONDITIONS OF APPROVAL

1. This right does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.
2. This right is subject to the provisions of Sections 42-205 through 42-210, Idaho Code, restricting the sale, transfer, assignment, or mortgage of this right. Failure to comply with these provisions is cause for immediate cancellation of this right.
3. This right does not grant any right-of-way or easement across the land of another.
4. The right holder shall allow 0.5 cfs of water to flow in the channel of Carlin Creek past the point of diversion at all times. Each year, when flow conditions allow, the right holder shall install a weir type measuring device that will ensure 0.5 cfs remains in Carlin Creek at the point of diversion.
5. The Director retains jurisdiction of this right in order to limit the use of water for hydropower generation purposes to a specific term of years as required by Section 42-203B(7), Idaho Code.
6. A fish screen of 3/32 inch or smaller mesh shall be installed and maintained at the point of diversion.
7. Use of water under this right shall be non-consumptive.
8. The rights for the use of water confirmed in this license shall be junior and subordinate to all rights for the use of water other than hydropower, within the State of Idaho that are initiated later in time than the priority of this right and shall not give rise to any right or claim against any future rights for the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this right.
9. The approach velocity at the point of diversion shall not exceed 0.4 feet per second.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 7 day of December, 2011.

GARY SPACKMAN
Interim Director
