RE: Permit 13-7514

Dear Water Right Holder(s):

The Department of Water Resources (IDWR) is in the process of reviewing the above-mentioned permit for licensure. As part of the review, IDWR confirms that each condition of approval on the permit has been met during the development period. In the case of permit 13-7514, it is not apparent how conditions of approval #5 and #8 have been satisfied. Conditions #5 and #8 of the permit state:

#5 A measuring device and lockable controlling works of a type acceptable to the Department shall be permanently installed and maintained as part of the diverting works prior to diversion of water under this right.

#8 Whenever the flow in the Cub River Drainage is not sufficient to fill all rights prior in time to this right, groundwater must be pumped and diverted into Cub River under Right No. 13-7021 to allow the continued diversion from the spring.

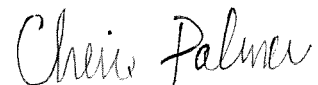

At this time IDWR is giving you the opportunity to provide information that clarifies how the two conditions were met. Pursuant to Section 42-219(6), Idaho Code, if the conditions of approval on a permit are not complied with, we may issue an order voiding the permit.

In addition, IDWR has a few questions regarding your water use at Cub River Acres. Currently water right no. 13-7028 authorizes water use in 6 homes and 12 campsites and permit 13-7514 authorizes 15 homes and 47 campsites. Please provide a list of each lot in Cub River Acres that describes: the type of lot, home or campsite; what fixtures are in place in the campsite lots; lot and block assignments; and which 18 lots are authorized under senior water right no. 13-7028. Please note that your water right and permit only authorize the use of water at 80 lots total.

Finally, if Cub River Acres, Inc. has a new mailing address, other than listed above, please fill out the enclosed Change in Address form and return it with your answers to this letter. Please submit the requested information within 30 days. You may contact me at (208) 287-4944 if you have any questions regarding this matter.
