PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-16432

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and your water appropriation permit, I noticed that you stated a rate of diversion greater than the maximum diversion rate allowed under this permit. On your proof statement you stated that your total rate of diversion is 0.07 cfs, for domestic use of 1 home and irrigation use on 1 acre. Your permit "number mentioned above" is the result of a split processed through an assignment on permit no. 95-10027, and is limited to a maximum diversion rate of 0.03 cfs, for domestic use of 1 home and irrigation use for 0.5 of an acre. Enclosed is a copy of your proof statement for your reference.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the Department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
