Comment: Split from Water Right 13-772A

2. j barg 3/22/2012 Change of Ownership  
Comment: On February 10, 2012 the current owners of the entire place of use of the original water rights owned by Lars Hansen filed a Joint Water Rights Conveyance Agreement in order to correct some mistakes and oversights in previous instruments resulting in a disproportionate split in the water rights. The agreement is meant to supersede the previous instruments and split the water rights proportionately.
