Re: Transfer approval

Transfer No. 77771 for water right no. 22-2191 proposes to: add a point of diversion at T06N R40E Sec 25 NWSW. The applicant will install a mainline from the new point of diversion to the existing point of diversion. The existing point of diversion has an older well that is no longer capable of producing the allowed diversion rate to adequately water the place of use. The applicants intent is two connect the two wells to his existing irrigation system, to allow the diversion of the total allowed diversion.

Authority to file:

The water right is currently in the name of Summerco Management Inc., and the place of use is within Summerco property boundaries. The application was signed by Rhett Summers who is the Secretary for Summerco Management Inc.

Validity of the Water Right:

The water right was decreed in August of 2008, and forfeiture in not an issue.

Injury to Other Water Rights:

No injury to other water rights was identified. The existing and additional points of diversion are located within the ESPA, however the cells are adjacent therefore an analysis is not required.

Enlargement of Use:

No issues identified.

Local Public Interest:

No issues identified

Beneficial Use / Conservation of Water Resources:

No issues identified

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this transfer application.
