RE: Assignment of Permit No. 65-22706

Dear Permit Holder(s):

On October 29, 2007, the Department processed an assignment of permit for the above referenced water right. Gregory M. Davis and Katherine J. Davis assigned permit 65-22706 to themselves (Gregory M. Davis and Katherine J. Davis) and to Northwest Farm Credit Services, FLCA. As a result, as of this date, the Department shows the current owners of permit 65-22706 as:

Gregory M. Davis
Katherine J. Davis
Northwest Farm Credit Services, FLCA

On March 28, 2012, the Department received another assignment of permit form for 65-22706. The recently submitted assignment shows Gregory M. Davis and Katherine J. Davis assigning permit 65-22706 to:

Gregory M. Davis
Katherine J. Davis
Northwest Farm Credit Services, FLCA
Northwest Farm credit Services, PCA

The Department is returning the assignment of permit form received on March 28, 2012 because Northwest Farm Credit Services, FLCA is not listed as one of the owners assigning the permit. Also, there is a \$25.00 filing fee when filing an assignment of permit.

If the intent was to assign all of the water right permit to all of the parties listed on the form as new owners, all of the current owners need to be shown as assigning their interest in the permit to all of the new owners. For example:

Current owners

Gregory M. Davis
Katherine J. Davis
Northwest Farm Credit Services, FLCA

Assigns permit
65-22706 to:

New Owners

Gregory M. Davis
Katherine J. Davis
Northwest Farm Credit Services, FLCA
Northwest Farm Credit Services, PCA

The assignment form needs to show ownership going from all current owners to all new owners, and should be signed by all owners.

It may be that Northwest Farm Credit Services, FLCA, PCA carries the loan for the property and simply has a security interest in the water right to request notification from the Department regarding any change in ownership of the water right or of any proposed or final action to amend, transfer or otherwise modify the water right as provided in Section 42-248(6), Idaho Code. If this is the case, the proper form to be used by Northwest Farm Credit Services, FLCA, PCA is titled "Notice of Security Interest in a Water Right".

In order for Northwest Farm Credit Services, FLCA, PCA to file a notice of security interest in a water right at this point, the Department will need another assignment of permit form changing ownership from all parties presently listed as current owners of this permit back to just the names of the married couple, which are "Gregory M. Davis and Katherine J. Davis".

Enclosed for your use is an Assignment of Permit form for correcting the ownership of this water right permit, and a Notice of Security Interest form for filing as having a security interest in this water right. There is a \$25.00 filing fee associated with each form.

Please provide the Department with a corrected assignment of permit form that reflects actual ownership of this water right permit, and the \$25.00 filing fee. You may also provide the Department with the Notice of Security Interest in a Water Right if this is your intent.

If you have any questions regarding this matter please contact me at (208) 287-4945

Sincerely,
