Hi Rob,

I'm emailing to follow up on a rental payment for Telford Lands' rental of 34-7092. As you know, there are two separate rentals for 34-7092, one in a group of other rights for a total of 276.7 acres and then a including just 34-7092 for 338.7 acres. We received payment for the 276.7-acre rental on December 9, 2011. On February 14, 2012, we sent a new rental agreement and a request for payment of \$1,659.70 for the 338.7-acre rental. We haven't received the signed rental agreement or the rental payment as of this date. I'm just emailing to check on the status of this rental agreement and payment. Thanks!

Monica
