RE: Change in Ownership Water Right No. 22-7564

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Assignment of Permit:** The water right above is a Permit, to change the ownership on permit an Assignment of Permit is required because the permit is considered personal property it does not automatically go with the land or a deed specifically mentioning the Permit number.

OR

**** **Evidence of Water Right Ownership:** In order for the department to change the ownership on a permit with a change of ownership the permit must be specifically mentioned in the deed (Warranty Deed, Quit Claim Deed, etc). The document enclosed is a Lease with an option to purchase. The department cannot accept that document for a change of ownership or assignment of permit. Please submit a copy of a recorded deed specially indicating the permit being sold or submit an Assignment of Permit.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
