Dear Randy and Michelle:

Enclosed with this letter is your application for transfer. There are a couple of things that I need you to do with this application:

- Review the map labeled Purser-POU Transfer. This map is also tabbed in red and labeled Proposed Place of Use. I had to make a few minor changes to the map that we marked up in my office the other day. Let me know if you have any questions.
- Please sketch in on the map provided (labeled Delivery system and tabbed in red) your current delivery system. For example; where the sump is located, where the pumps are located, where the groundwater wells are located, and the piping network that you have.
- After reviewing the entire document both of you need to sign on the lines that are provided and tabbed.

After completing the tasks listed above please send me the signed application and maps along with the following:

- Tax assessments for the entire property.
- Statement on official letterhead signed by an authorized representative from each lien holder or other entity with financial interest in the water rights or land.
- \$625 fee (check may be addressed to IDWR)
 - \$500 for transfer
 - \$25 per water right that we are changing from your parents name into your name, there are a total of 5 water rights which totals \$125

If you have any questions feel free to contact me at any time. The number to our office is (208) 525-7161.
