

MEMORANDUM

TO: Water Right File Nos. 95-9376 & 95-9377

FROM: Darla Block

DATE: March 27, 2012

SUBJECT: Proof Due Notice Returned (“Unable to Forward”) Possible New Owners

On February 29, 2012, the Department sent out a Proof Due Notice to Jason Plummer (“permit holder”) at the address of record with the Department. On March 12, 2012, the Department received the letter back from the US Postal Service in returned mail marked “unable to forward”.

On March 13, 2012, the Department sent an ownership inquiry letter out to Raykosi Group LLC, stating that the Department has reason to believe that they may be the new owners of the two permits mentioned above per recent tax lot data. The only other address I found for Jason Plummer was in Rangely Colorado, so I cc’d this letter to that Jason Plummer. A copy of the Proof Due Notice and two Assignment of Permit forms were enclosed with this letter.

On March 19, 2012, I received a voice mail message from the Jason Plummer in Rangely Colorado stating that he is not the Jason Plummer associated with this water right permit.
