Mr. Budge,

I spoke with Mr. Hebdon on the phone this afternoon. IDWR will be sending him a packet in tomorrow's mail. This email has an attachment which is a copy of my letter to him.

Sincerely
Michele Edl

Michelle,

Thanks for your letter dated February 9, 2012, concerning additional information you need to license the City of Lava permit no. 29-7936. I've spoken with the watermaster, Steve Hebdon, and he thinks it shouldn't be a problem to remove the measuring device and lockable controlling works condition from this permit. He advised me that he will need to submit a Watermaster Opinion form to the IDWR. He does not have any forms on hand, so can you mail him a copy? In the event Steve does not return that to you within the 30 day timeframe you gave us, I presume you will let me know and provide additional time as needed to get that from Steve?

I will review your Application for Amendment with the City and confirm that it is accurate as well.

Thanks,

T.J. BUDGE
