**NARRATIVE
CHANGE OF OWNERSHIP
WATER RIGHT NO. 13-2 AND 13-3**

Documents associated with the merger of Cub River Middle Ditch Company with Preston-Whitney Irrigation Company are attached. Included are minutes from a stockholders meeting of the Cub River and Worm Creek Canal Company, wherein they agreed to convey all right, title and interest to Preston-Whitney Irrigation Company. These documents relate to Water Right No. 13-3, which lists the current owner as the Cub River and Worm Creek Canal Company.

Regarding Water Right No. 13-2, there are minutes of the Cub River Middle Ditch Irrigation Company, wherein the resolution states clearly the formation of a new company known as the Preston-Whitney Irrigation Company, which would take over all of the holdings of the Cub River and Worm Creek Canal Company and of the Cub River Middle Ditch Irrigation Company. Attached to this documentation is a detailed list of the stockholders of the Cub River Middle Ditch Irrigation Company that ratified the action of the company conveying all of the assets to the Preston-Whitney Irrigation Company. We believe this documentation is sufficient evidence to change the names on both water rights. The name and address that should be on each water right is Preston-Whitney Irrigation Company, PO Box 311, Preston, ID 83263.

Finally, are Articles of Incorporation of Preston-Whitney Irrigation Company. At Article 13, it clearly references that stock would be issued to the former members of the Cub River and Worm Creek Canal Company and the Cub River Middle Ditch Irrigation Company.
