Re: Cleft in the Rock Farms Rental Amendment

Dear Mrs. Van Bussum:

Cleft in Rock Farms is drilling a new well to provide ground water for current water rights. The new well will be hydraulically connected to the current well and distribution system. It is necessary to submit an amendment to the two approved rental application from the Idaho Water Supply Bank so that the rental agreement reflects the use of two PODs. The first rental agreement is for 1.72/415.79 cfs/afa or 132 acres. The second rental agreement is for 3.2/640 cfs/afa or 160 acres. No other aspects of the rental application and agreements are to be changed at this time.

Sincerely,

Greg Sullivan, M.S., E.I.T.
