RE: Change of Ownership for Water Right No(s): 98-7097

Dear Water Right holder(s):

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. However, we cannot continue to process this request without the appropriate filing fees or additional documentation.

According to the deeds provided with your request, you will only receive 10 acres in Township 62N, Range 02E, Section 19 NWSE. If you have additional deeds that cover this part of the property, please send them to this office then we can complete this request. If not, please send additional fees as this will be a division of the water right. I have enclosed a map with the water right outlined in yellow and the property your deed covers in red.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership for rights that have been decreed in the SRBA. The fee is \$25 **per** water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined the filing fee for your request is an additional **\$75**.

Because the Department cannot process the request for Notice of Change in Water Right Ownership without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees and within 30 days we will return your notice and all attachments and your notice will not be processed.

Thank you for your patience and cooperation as we have had a number of requests to process. If you have any questions concerning this letter, feel free to contact our office at 287-4800.

Sincerely,

Jean Hersley
Technical Records Specialist I
