RE: Notice of Change of Water Right Ownership filed on behalf of the Consolidated Irrigation Company.

Dear Jonie:

Enclosed for processing are three completed *Notice of Change of Water Right Ownership* forms. The processing of these changes is necessary because three existing irrigation entities have now merged into a single company known as the Consolidated Irrigation Company (see the attached printout from the Idaho Secretary of State website). The three merging companies are the Preston Riverdale and Mink Creek Canal Company, Preston & Whitney Reservoir Company, and the Preston-Whitney Irrigation Company. Each entity has its own portfolio of water rights, and all of them now need to be listed under the same ownership. Enclosed is a single copy of the *Quitclaim Deed for Water Rights* conveying the water rights to the Consolidated Irrigation Company. We have not included a map because we do not believe it is necessary to clarify any division of water rights. The entirety of the water rights are being conveyed to the Consolidated Irrigation Company. In total, there are twenty (20) water rights that need their ownership changed, and therefore we have included the filing fee of \$500.00 as set forth in your instructions.

If you have any questions or concerns, please do not hesitate to give me a call. We appreciate your attention to this matter.

Best Regards,

Robert L. Harris
