**PROOF ACKNOWLEDGEMENT LETTER**

**RE: Permit No. 95-16234**

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and your water appropriation permit, I noticed that you stated a larger number of irrigated acres than was permitted. On your proof statement, you stated that you are irrigating 3 acres. Your permit is limited to 1 acre of irrigation. You must limit your irrigation use to the permitted amount. I have enclosed a copy of your permit for reference. You may apply for another water right to cover any additional acreage for irrigation use. Application forms are available from any department office, or at the department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov)

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov)

If you have any questions concerning the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block

Technical Records Specialist
