RE: Transfer for Water Right #45-4201

Dear Nathan,

Currently, CPB owns water right #45-4201 which is sufficient groundwater for the irrigation of 0.4 acres or 1.6 ac.ft. Attached is a transfer application on this right to move the point of diversion from the historical well to the proposed well location. Once the transfer is approved on water right #45-4201, we are hopeful that IDWR can issue a drilling permit for well construction. Please contact me if you have any questions or concerns. Thank you for your assistance.

Sincerely,

Delmas W. Johnson, P.E.
Water Resource Manager
