RE: Amended Water Supply Bank Lease Applications on Telford Lands LLC.

Dear Dan:

Enclosed for processing are revised water supply bank lease applications filed on behalf of Telford Lands LLC. Pursuant to your instructions, we have amended these documents because the original water bank applications we submitted for other stacked water rights on this place of use but we did not include these particular surface water rights. We appreciate your assistance in finalizing these applications, and please let us know if you have any questions. If you have any questions or concerns, please let me know.

In a separate letter, Telford Lands LLC will submit an application to rent this particular water such that it will be a single lessor and lessee arrangement. If you have any questions with regards to that rental application, please let me know.

Best Regards,

Robert L. Harris
