

MEMORANDUM

Date: June 02, 2010
To: Telford Lands LLC Water Supply Bank Lease/Rental Applications
From: Pamela Skaggs 
Re: Water Master Comments

I called Jay Jensen today to discuss the Water Supply Bank applications submitted by Mike Telford of Telford Lands LLC affecting Right 34-7092. I explained the location of the proposed alternate wells and the amount of water that would be authorized from those alternate wells. He was familiar with the location and asked pertinent questions to clarify the proposal. He had no concerns regarding the addition of the two alternate points of diversion as long as all the existing combined right limits, particularly total volume, are maintained.
