RE: Change of Ownership for Water Right No(s). 34-447

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Your ownership change application also referenced another water right number. Water Right number 34-14325, is not appurtenant to your property according the Warranty Deed received with your application. Please find enclosed a proof report of that water right number a map showing the location of the place of use for the water right and your property according to deed received. If you believe you still own this water right please provide a copy of a recorded deed for the water or the property in question. Because the department was unable to complete you ownership for that number at this time, you are entitled to a \$25.00 refund for receipt number E037375. The refund has been initiated and will arrive from the state office within a couple of weeks.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
