PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 67-14769

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and water right permit, I found that condition no. 7 of this permit states:

"Prior to diversion of water under this right, the right holder shall provide a means acceptable to the Department to measure the amount of water entering the reservoir and the amount of water released from the reservoir."

Condition no. 7 listed above can be easily be complied with by installing staff gages.

Be advised that Section 42-248, Idaho Code, requires you as the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office. These forms are available on the Department's website at: www.idwr.idaho.gov

If you have questions about the field examination, please contact the Western Regional Office in Boise at (208) 334-2190.

Sincerely,
