Re: Change of Ownership for Water Right/Permit No(s): 67-7195, 67-126, 67-11295

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

The ownership on 67-126 and 67-11295 was not changed. Water right 67-126 was combined with other water rights and is now WR # 67-11413 which is owned by the East Fork Ditch Co. and is located in Township 17N, Range 01W, Section 26 SESE. Water Right 67-11295 is located in Township 17N, Range 01W, Section 26 NWSE. Your deed is for Township 17N, Range 01W, Section 26 SWSE so water rights 67-126 and 67-11295 are not covered under your deed. A refund request for \$50 has been made and you will be receiving it shortly.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you for your patience and cooperation. If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

Jean Hersley
Technical Records Specialist I
