Subject: Assignment of Permit for Water Permit No. 86-11924

Assignment of
Permit received ...

Dear Mr. John A Gravelle,

Attached is a copy of the Assignment of Permit form IDWR received on February 13, 2012. The address written on the form for John A Gravelle, Matt P Gravelle, Paul J Gravelle and Carolyn M Gravelle was written as 39341 Overlook DR Polson, MT 59860. If the address on the form differs from the address of record with the department IDWR treats it as notice of an change in address. Therefore, the address listed on the form was entered into the IDWR database as the address of record with the department for all names listed above.

If the Assignment of Permit form received by IDWR reflected an incorrect address that needs to be changed please reply to this email and include the correct address for the Gravelles. Upon receipt of your response and notification of a different address, I will then be able to change the address of record currently on file with the department.

Sincerely,

Darla Block
Technical Records Specialist
