Hello Nona:

Once again I am unexpectedly covering legal notices & invoices for this office. Please confirm that you can publish the attached ads 3/7 & 3/14/2012. Let me know if you need anything else from me.

I am also faxing this per notes made available to me – should I keep faxing or just use email in the future?

Thank you for your help with this.

WEBSITE TIPS - www.idwr.idaho.gov

See Search Tools menu. For best results, try a broad search first and narrow the search as needed to avoid overlooking the information you seek:

- **Water Right &/or Adjudication information:** Most information is organized by township, range and section. Township, range and section information is usually available from county assessor offices. For type of query, select all records then click the where tab and enter township, range, section (and maybe 1/4 or 1/4 of section). Be sure to choose "Point of Diversion" or "Place of Use" depending on the information you need ("both" means diversion and use within identical search parameters, not that either are within the parameters).
- **Well Construction information:** Results available in summary or detailed reports. **Summary Report** provides a table format for easy use, select individual record from table for scanned well log. Most well logs have been scanned and are available on the Internet.

If you cannot find information or have trouble interpreting information, please contact IDWR at 208-334-2190 from 8 a.m. to 5 p.m., Monday through Friday. Ask for the "office day person" for general help.

This application proposes the diversion and use of water tributary to a federally designated Wild & Scenic River. The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in this application will benefit from the subordination provision because the diversion rate will be applied to the subordination amounts specified in the decree for the applicable Wild & Scenic River.
