DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT

Ident. No. 57-11805

To appropriate the public waters of the State of Idaho

1. Name of applicant(s) JUNAYO RANCH LIMITED PARTNERSHIP Phone (208) 343 8880
Name connector (check one): ☐ and ☐ or ☐ and/or

Mailing address: 1087 RIVER STREET City BOISEState IDA Zip 83702 Email: _____

2. Source of water supply WASTE WATER which is a tributary of MACKS CREEK

3. Location of point(s) of diversion:

Twp	Rge	Sec	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
2S	4W	14			SW	SE	Owyhee	WASTE WATER	

4. Water will be used for the following purposes:

Amount .24 cfs for IRRIGATION purposes from 3-1 to 11-15 (both dates inclusive)
(cfs or acre-feet per year)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)

5. Total quantity to be appropriated is (a) .24 cubic feet per second (cfs) and/or (b) _____ acre-feet per year (af).

6. Proposed diverting works:

a. Describe type and size of devices used to divert water from the source. DIVERT WASTE WATER TO GRAVITY SYSTEM

b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11.

For dams 10 feet or more in height OR reservoirs with a total storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.

d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No

e. If well is already drilled, when? _____; drilling firm _____;

Well was drilled for (well owner) _____; Drilling Permit No. _____.

7. Description of proposed uses (if irrigation only, go to item 8):

a. Hydropower; show total feet of head and proposed capacity in kW. _____

b. Stockwatering; list number and kind of livestock. _____

c. Municipal; show name of municipality or the applicant's qualifications as a municipal provider. _____

d. Domestic; show number of households _____

e. Other; describe fully. _____

8. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
2S	4W	14															6		6
2S	4W	23		6															6

Total number of acres to be irrigated: 12

9. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? NONE

10. a. Who owns the property at the point of diversion? JUNAGO Ranch LIMITED PARTNERSHIP
b. Who owns the land to be irrigated or place of use? SAME
c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

11. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. _____

12. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).
13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

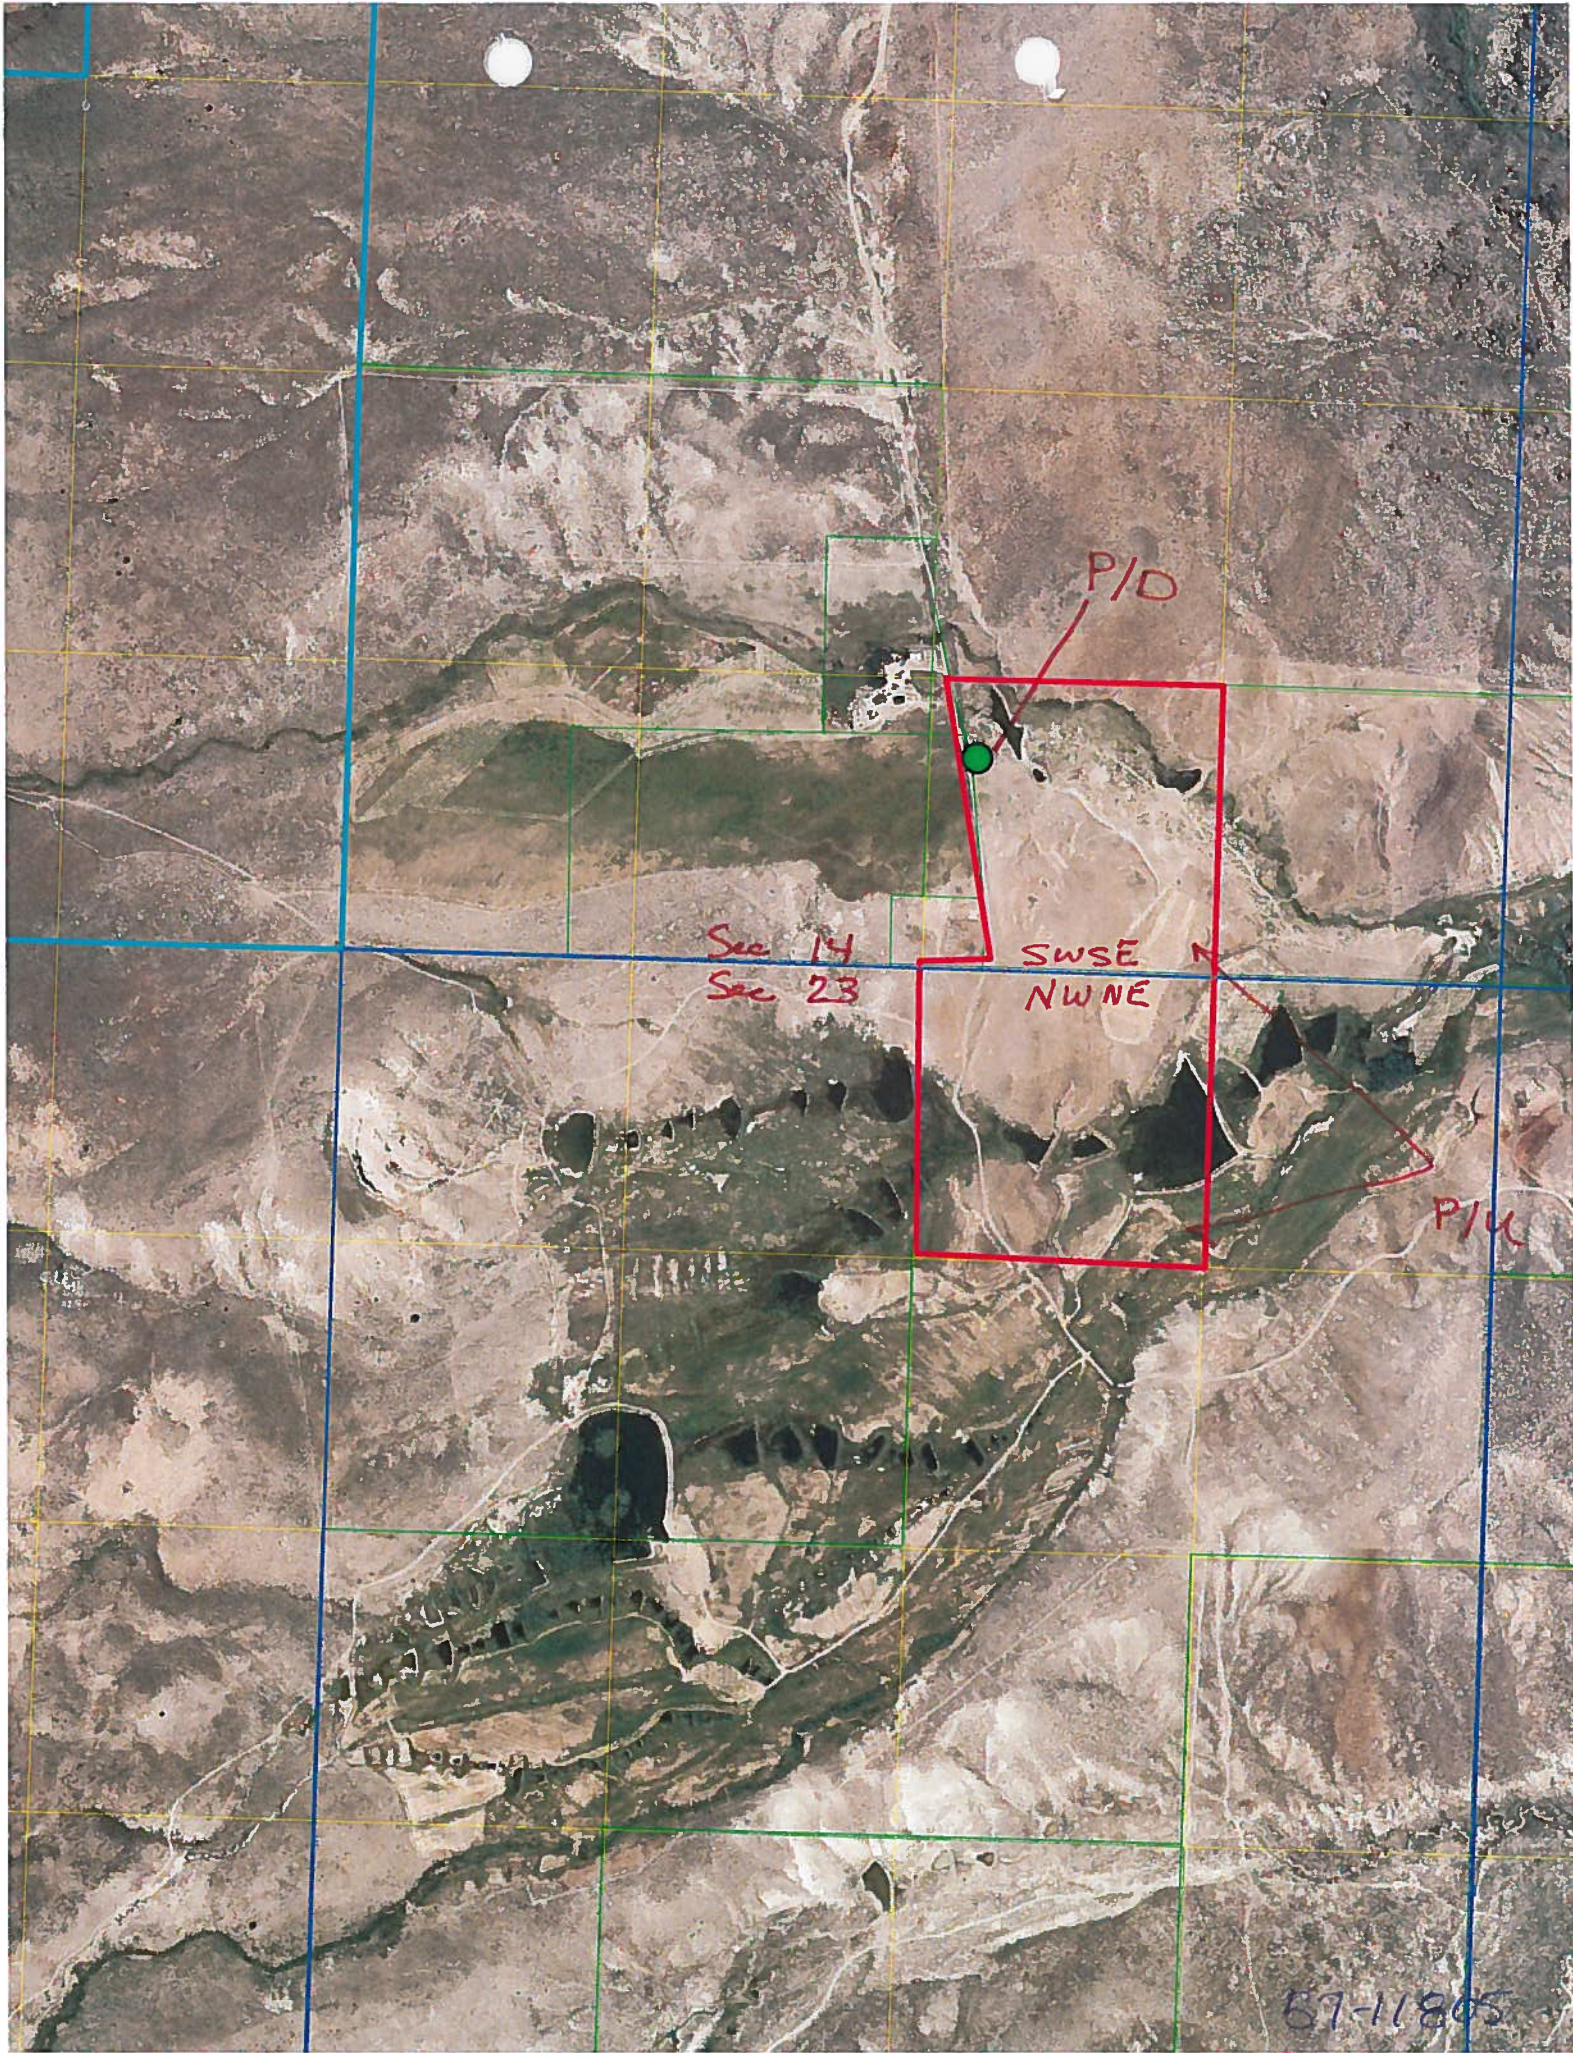

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Re: Application No. 57-11805

Dear Watermaster:

Attached are copies of one or more water right applications that may be of interest to you.

Please complete the recommendation form(s) and submit your reply within the next 30 days. Your prompt response to this request is appreciated so that your recommendation can be considered during department review of the application(s).

Without your reply by that time, the department will presume you do not oppose approval of the application(s) and that you have no comments to be considered.

However, possible approval of the application(s) will include conditions of approval about standard controls for uses in your water district (lockable, measureable diversion works, etc).

Please contact me at 208-334-2190 if you have any questions regarding the application(s). Thank you for your help.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Lester".

Re: Application No. 57-11805

Dear Interested Party:

Attached are copies of one or more applications that may be of interest to you. Please contact the applicant(s) if you have concerns about the application(s).

If you desire to file a formal protest against approval of the application(s), a written protest along with the \$25.00 protest fee for each application protested must be received in this office by March 26, 2012. A copy of the protest(s) must also be sent to the applicant(s).

Please contact this office at 208-334-2190 if you have any questions regarding the application(s), or you may visit our website at www.idwr.idaho.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

RE: Application for Permit Nos. 57-11805, 65-23431, 78-12398

Dear Mr. Ward:

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from your agency regarding the above referenced water right applications. Copies of the applications are enclosed with this email for your reference. Please review the applications, complete the enclosed recommendation form, and submit your reply, if any, to this office within 21 days.

If your agency desires to formally protest approval of any of these applications, you may do so by filing a written protest along with a \$25.00 filing fee for each protested application by March 26, 2012.

IDWR will assume your agency does not object to these applications if a timely response is not received. Please contact me if you have any questions regarding the applications. Thank you for your help.

Sincerely,

Steve Lester
Water Rights Supervisor

Total Acres: 12

PROPOSED CHANGE OF WATER RIGHT

John W. Jones of 17864 Oreana Loop Rd., Murphy Idaho 83650 filed Application No. 77749 to transfer one water right with an 1870 priority date from Pickett Creek totaling 0.68 cfs. The purpose of the transfer is to add a point of diversion about 1 mile downstream from the existing diversion used by this owner. Water will be used at the current place of use in Oreana.

Permits will be subject to all prior water rights. For additional information concerning the property location, contact Western Region office at (208) 334-2190; or for a full description of the rights &/or proposed transfer, please see www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp. Protests may be submitted based on the criteria of Sec 42-222 and 42-203A, Idaho Code. Any protest against the approval of this application(s) must be filed with the Director, Dept. of Water Resources, Western Region, 2735 Airport Way, Boise, ID 83705 together with a protest fee of \$25.00 for each application on or before 3/26/2012. The protestant must also send a copy of the protest to the applicant.

RE: Complaint—Unauthorized Waste Water Use

Dear Mr. Orndorff:

Thank you for meeting with me on February 2, 2012 regarding the above complaint received by our office. The correspondence from the Bensons and the Reynolds Creek Watermaster allege that the Benson's waste water crossing under the Salmon Creek Road is being routed to your ranch field for irrigation. The field irrigation (place of use) is not associated with a valid water right and therefore is not authorized. Our water right records reveal there is not a valid water right associated with the lands located in the NW1/4NE1/4 Section 23 and the SW1/4SE1/4 Section 14, TN 02S R04W.

Waste water that is generated by an original appropriator may be beneficially reused on the same lands for which the water was originally appropriated, provided it has not left their control. However, beneficial use of waste water generated by other appropriators does requires a valid water right.

On February 2, 2012 our office received an application for permit proposing the waste water source for 12 acres of irrigation located in the above lands described. The application will be reviewed/processed as soon as possible. Until the permit application is approved, irrigation of the lands described with the waste source is not unauthorized. Please note, unauthorized water use is considered an illegal diversion under Idaho Code (IC) 42-351 and is subject to a notice of violation and enforcement actions under the provisions of IC 42-1701B.

Should you have questions, please contact me at the Western Regional Office, phone 334-2190.

Sincerely,

A handwritten signature in black ink that reads "John Westra". The signature is written in a cursive, flowing style.

John Westra, Manager

Cc: T&J Benson, C Brandau

INFORMATION MEMORANDUM

Application for Permit—Junayo Ranch

From: J. Westra

Date: 02/03/12

The attached application is the result of a complaint filed against the Junayo Ranch alleging that waste water was being utilized for irrigation on lands without a water right.

Waste water from the neighboring Benson (#57-11574) irrigated lands crosses under the county road via 3 pipes. The water then flows across the Junayo Ranch property into Macks Creek. The application is to beneficially use the waste water source for 12 acres of irrigation. There will be no diversion from Coddle Creek to the north.

See complaint file: Junayo Ranch

Sonny Hornbaker, P. G.
IDWR Western Region
2735 Airport Way
Boise, ID 83705-5082

Dear Sir,

Thank you for taking the time to respond to my questions. I am including a copy of the letter that one of the districts patrons sent to me. It is my understanding that the patron also apprised the districts chairman and secretary of their concerns.

Prior to contacting you I reviewed the information provided to me, as water master, and could not find a valid water right for Owen Orndorf or Junayo Ranch out of Cottle Creek, a tributary of Reynolds Creek. A search of IDWR online records also did not show water rights for Orndorf/Junayo use of water from the Cottle Creek drainage.

At the patrons request I made a trip up Salmon Creek Road and took photos from that public road (disk included and pictures on file on my computer) of the ongoing field and ditch work. I reviewed Google Earth imagery, dated Jan 1, 2004 and June 24, 2009, to compare them to existing conditions – copy included.

Please advise me as to how to proceed in addressing this issue.

Respectfully,

Connie Brandau, Water Master
Reynolds Creek Dist. 57R

Cc: Jerry Hoagland, Sec. RC Dist. 57R

12-13-11

Connie,

I noticed that Orndorff is putting in new fields, across the road from us.

So I called Water Resource to ask them if he had water rights on Cottle Creek or even storage rights. And they told me that he did not have any water rights or storage right on Cottle Creek.

Some time ago he had applied 4-26-2001 but was denied. # 5711696

and one he filed on that had a priority date of Sept 21, 1911 and that one was withdrawn, # 5711515.

I talked to a man named Sonny about 11:00^{AM} on Tuesday morning at Water Resources

I guess I want to know if or what Reynolds Creek 57R is going to do about it?

Tom & Jackie Benson
Thank you

I'm sending a copy to Jerry Hoagland
Sec. of water users Board 57R
