Subject: Permit No. 95-10027

March 5, 2012

Dear Mr. Wood,

Re: Permit No. 95-10027

You phoned today regarding the statement of completion due notice you received from the Department of Water Resources (IDWR) dated February 29, 2012, referencing the above mentioned permit. You informed me that you are no longer the owner of the property listed on this permit, and that you were the developer.

After further investigation, it appears that the property you use to own was split and now belongs to two separate owners. It appears that **Lot 1** in the NESW quarter of Section 33 of Township 54N Range 03W is now owned by Port Stanhope Investments LLC whose address is 1795 Port Stanhope CIR Newport Beach, Ca 92660. **Lot 2** in the same place of use location is now owned by Peter E. Fucone and Linda D. Fucone.

A water right permit is considered personal property, and ownership of a permit can only be changed through an Assignment of Permit form. Attached is a pdf version of the Assignment of Permit form for your use. You can print it out twice so you will have a form for each of the new owners. Be sure to fill out the form using the described portion that went to each new owner. There is a \$25.00 filing fee associated with each form. The new owners are responsible for this fee.

Assignment of
Permit Form.pdf

Peter and Linda Fucone filed a claim in the North Idaho Adjudication for their water use, they do not need to file the Statement of Completion form with the department. Their portion will be decreed in the North Idaho Adjudication. Once decreed, the decree will be their water right.

Your sisters' property listed as Port Stanhope Investments LLC, the owners of **Lot 1**, may want to file the statement of completion form if the water lines are all stubbed in and ready to hook up for domestic and irrigation use. If not, they may want to file the Request for Extension of Time form. As I understand it from our conversation, you plan to start filling out the statement of completion form for your sister.

Once IDWR receives the assignments and fees, the ownership of this water right permit will be updated to reflect the new current owner.

If you have any questions please do not hesitate to call me at (208) 287-4945.

Sincerely,

Darla Block
