Hi Greg,

I spoke with Nick today about the Lance Funk lease and rental application packet. This packet is now the oldest in our pending application file. Nick said he spoke with you a couple of weeks ago and you told him you were getting close to finalizing the amendments/adjustments to the lease packet. It's good to hear you are making progress, but we have extended our normal deadline several times in this matter and I'd like to get some traction behind it.

I think, given what we've done before, that we can offer you 30 days to provide the finalized numbers and materials for the leases. If we do not have that within 30 days, we will return the applications unprocessed. At that time, you will have 14 days to resubmit the applications with the necessary supporting materials. If you resubmit the applications after that 14-day period, you will have to resubmit them with all the requisite fees. We did something similar with the Horizon Organic Dairy applications, if you recall.

Please give me or Nick a call or an email if you have questions.

Thanks!

Monica

Jason,

Attached is a list; highlighted rights are denied lease apps or rights that have been released from the bank. We'll hold onto the rental app for 30 days. If you need more time we'll return the rental app and it can just be re-submitted later. I've told our Supply Bank coordinator (Monica Van Bussum) that if it's returned and re-submitted, she can funnel it directly to me for processing – won't go to the back of the line for processing.

Dear Aaron,

I received your correspondence of March 2, 2009 and I would like to extend indefinitely.

Thanks,

Reid
