RE: Lance Funk Rentals

Dear Mr. Sullivan,

To follow up our phone conversation on 12/16/2011, a new water supply bank analysis is needed to address the older 2008 rental application for 444 acres (4 pivots; N1/2 of Section 12 Township 7S Range 28E, S1/2 of Section 6 Township 7S Range 29E). The ESPA analysis would be retro-active to the beginning of the 2008 irrigation season. A copy of the 2008 rental application is attached. Additionally, two lease applications for rights 35-7914 and 35-7973 were submitted with the rental application that need further information to support the leases. I believe the last we spoke about them you were going to try and provide crop records for the acres to be leased.

Please submit the new analysis/information within 14 days or the Department will return the rental and lease applications. Please feel free to contact me with any questions you might have.

Sincerely,

A handwritten signature in black ink, appearing to read 'N Van Dyke', written over a horizontal line.

Nicholas Van Dyke
Sr. Water Resource Agent
