For purposes of administration of sources for this right, the water shall first be diverted exclusively from the natural flow of Jesse Creek. When Jesse Creek is no longer sufficient for use under the rights in priority and calling for water, the waters of Pollard Canyon Creek may be diverted as necessary to provide the balance of water required pursuant to this right in its priority. Only when the water supply from Jesse and Pollard Canyon Creeks combined is not sufficient for use under the rights in priority and calling for water may Chipps Creek be diverted to provide the balance of water required pursuant to this right in its priority.

Water is diverted from Jesse Creek and its tributaries. The holder of this right will not call for water from Chipps Creek or Pollard Canyon Creek prior to August 1 of any year if diversions under Right Nos. 75-2 or 75-5 would be affected. This condition applies to all current and future splits of all rights referenced here. This condition does not limit diversions from Jesse Creek under this right. This condition is not applicable anytime the total flow available for diversion in Water District 75A is 3.8 cfs or less, recognizing that no more than 2.54 cfs can be diverted from Chipps Creek or Pollard Canyon Creek under water rights 75-17B and 75-10075. The holder of this right will not call for water from Chipps Creek prior to August 30 of any year if diversions under Right No. 75-22 would be affected. This condition applies to all current and future splits of all rights referenced here. This condition does not limit diversions from Jesse Creek or Pollard Canyon Creek under this right. This condition is not applicable anytime the total flow available for diversion in Water District 75A is 3.8 cfs or less, recognizing that no more than 2.54 cfs can be diverted from Chipps Creek or Pollard Canyon Creek under water rights 75-17B and 75-10075.
