Hi Emalee, just wanted to follow up on our conversation of last week. Our HOA will be having a meeting this Saturday to discuss our water right permit #65-10463A name change.

To verify that we are understanding the answers to some of the questions and concerns of the homeowners:

1. We have been granted an extension to complete the name change process until March 1, 2011.
2. We will request all current owners of the 19 parcels in River Ridge Sub-division to sign the transfer letter (to be defined), not just the pre or post August 2005 purchased parcels?
3. Even if all current homeowners do not sign, we can still get water right #65-10463A into River Ridge HOA name?
4. If there are any homeowners that do not want to sign, the water right permit will be split, with the parcels with owners that don't wish to sign, remaining under the old name?

It seems like everytime we get one question answered two more questions come up. I have attached the 2005 letter, that Lon & Judy signed and also our current assignment document. Please review and let me know if were on the right track here. I have copied other board members on this email.

Thanks so much for your help and patience!!!
