Re: Jarolimek Transfer
1128-01-2011

Dear Mr. Merritt:

RECEIVED

DEC 23 2011

DEPT. OF WATER RESOURCES
SOUTHERN REGION

West Slope Farms Inc. desires to transfer 65.0 acres from 45-7084B and 45-12884. The current POD for the 65.0 acres to be transferred is located in 11S 22E Sec 30 NENENE and is in ESPA Model Cell 87042. The new POD that will be providing water to the 65.0 acres is located in the 11S 22E Sec 6 SESENE and is in ESPA Model Cell 83044.

Analysis performed using the ESPA Model 1.1 calculated that 60.0 acres will be required to offset or mitigate for the transfer of the 65.0 acres. The 60.0 acres to be dried up is located in 11S 22E Sec 30 and Sec 29. The 60.0 acres to be utilized for mitigation are currently leased to the Idaho Water Supply Bank. The 60.0 acres will be released from the Water Bank pending this transfer approval and set aside until 2022 when irrigation will resume under the 60.0 acres.

The ownership of the 65.0 acres will be changing to West Slope Farms Inc. The beneficial and period of use will not be changing. Portions of water rights involved in the prepared application are currently enrolled in CREP Contracts and with the Idaho Water Supply Bank.

Please copy our office on all correspondence regarding this application.

Sincerely,

Greg Sullivan, M.S., E.I.T.

Cc: Leroy Jarolimek

Enc: Aerial Maps, Letter from Mortgage Holder, ESPA Model Analysis, Warranty Deeds, Quit Claim Deed, Check #/0487 for \$1420.00
