Re: **Annual Water Report**
Water Right No. 95-9480

Dear Mr. Franklin:

The above Permit to Appropriate Water requires Garwood Water Cooperative to measure and record the quantity of water diverted pursuant to this right and annually report water withdrawals, the number of active and planned service connections, and/or other pertinent information as may be required by the Department pursuant to Section 42-701, Idaho Code. The annual report shall be submitted to the Department for the calendar year ending on December 31. The following presents information on water use for the Garwood Cooperative for water year 2011.

- Legal description of the point of diversion:
 - Groundwater NE1/4 SE1/4 Sec 24 T52N R4W BM Kootenai County
 - Groundwater NE1/4 SE1/4 Sec 24 T52N R4W BM Kootenai County
- Maximum diversion rate: 120.4 gallons per minute
- The total volume of water measured from December 30, 2010 to December 30, 2011 was 18 million gallons.
- The total number of active water hook-ups during the year was 117 users.
- The total number of "will serve" connections, which are not yet active, was 24 at the end of 2010.

We include payment of \$25.00 fee for processing of this report.

Sincerely

Luke Russell
President, Garwood Water Cooperative Board
