RE: Notice of Change in Water Right Ownership No. 65-2508

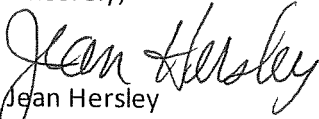

Dear Property Owner:

The Department of Water Resources recently received a request for a Notice of Change of Water Right Ownership for the above mentioned water right. It was filed on your behalf by Gail McDonough. After further review, the place of use (POU) for this water right does not include your property.

Your options are to either file an Application for Permit for a new water right for irrigation or you could file a Transfer of a Water Right to move the POU in water right 65-2508. I have enclosed both applications for your benefit or they are available on our website www.idwr.idaho.gov.

If you have any questions regarding this letter, please contact this office to speak to a Water Right Agent. Thank you.

Sincerely,

Jean Hersley

RE: Notice of Change in Water Right Ownership No. 65-2508

Dear Property Owner:

Enclosed you will find a copy of a letter sent to Scott and Beverly Nicholson. After reviewing the ownership change request you filed on their behalf it was determined that the place of use in water right 65-2508 does not include the Nicholson property. Their options are listed in the letter.

You paid fees in the amount of \$125. An error was made in the calculating of these fees. Your ownership change request should have been \$50 while the split for the Nicholson's is \$100. If they decide to file for a new water right or a transfer of a water right, \$75 will be credited to their application fees. If it is determined they do not want to file, a refund of \$75 will be issued to you upon your written request.

If you have any questions regarding this letter, please contact this office. Thank you for your cooperation.

Sincerely,
