RE: Notice of Change in Water Right Ownership
Water Rights: 21-7349

Dear Sir/Madam:

On January 17, 2012, January 27, 2012 and February 16, 2012 (all letters enclosed) you filed a Notice of Change in Water Right Ownership (ownership change) with the Idaho Department of Water Resources (IDWR), seeking to update the ownership records for the water rights listed above. After an initial review, we determined that you needed to provide additional evidence of ownership, specifically a 'recorded' Warranty Deed going into the Vincent G Aquino Revocable Living Trust. As our previous letter dated January 27, 2012 stated the department cannot accept a Certification of Trust as legal documentation of ownership. A deed was provided with your application, but it is going into Vincent Aquino individually who is already listed on the water right. Please note according to the tax lot data with the county the current owner of the land is in the name of Vincent G Aquino Trust, so a deed should be available through the county recorder/assessor's office or by the Title Company. Please provide a copy of a 'recorded' Warranty Deed going into the Vincent G Aquino Revocable Living Trust. The department tried to contact you by phone left a message on February 16, 2012 and February 21, 2012 and has not received a response so your application is being returned unprocessed.

Without the requested documents, we cannot verify ownership of the water right and cannot complete the ownership change.

Please feel free to re-file your ownership change any time in the future when you have collected the requested documentation of ownership. Because your filing fee is being returned, you will need to determine and provide the proper filing fee at the time you re-file the ownership change.

If you have any questions, feel free to contact me at (208) 525-7161.

Respectfully submitted,
