RE: Condition of Approval no. 9 on Permit 37-22252

Dear Permit Holder:

The Idaho Department of Water Resources (IDWR) has not received the information require by condition of approval no. 9 on permit 37-22252. Condition of approval no. 9 reads:

By January 31 each year, the right holder shall report to the Department:

- a) The volume of water diverted from the authorized points of diversion for each month of the prior calendar year,
- b) The number and location (by subdivision lot number) of the acres of land irrigated in connection with this right during the prior calendar year, and
- c) The number and location (by subdivision lot number) of the homes served domestic water from the authorized points of diversion pursuant to other water rights during the prior calendar year.

Each condition of approval listed on permit 37-22252 needs to be complied with. I encourage you to submit the requested information to IDWR as soon as possible to avoid the possibility of the permit being voided.

Please note that this correspondence is being sent in response to an inquiry. In the future, IDWR will not send regular reminders informing you of the need to meet the conditions of approval for permit 37-22252.

Respectfully,

Craig L. Saxton
Water Rights Supervisor
