Subject: FINALLY!
Attachments: Oak Valley WR Shapefile.zip; Oak Valley QQ.xlsx

Sorry about taking so long Jana, but here is the shapefile and the QQ acres for the Aardema Transfer. I put enough acres on the pivot and corner where the dairy is going to be that when the Dairy starts to be built Mike will cut out the pivot and corner and that water will go to the Dairy.

A transfer is required for the Vance property to cover the top part of the $\frac{3}{4}$ pivot. Mike runs that and said he has power of attorney to sign the transfer. So We'll get that worked up and send it in so it won't be in violation.
