Re: Changes to Beneficial Use Field Report for Water Right 45-14107

Dear Craig:

We received your letter of January 18, 2012 requesting additional information. Below is the information you've requested to complete the Beneficial Use Field Report for Water Right 45-14107 application.

- #1 The POD for Unnamed Stream (Antelope Spring Creek) is:
SWSENW, S7, T12S R24E
Yes, 45-14107, 45-690 and 45-14182 share the same POD
The GIS x and y coordinates for the POD are:
2,524,603.75731, 1,243,829.83436
- #2 The Map and POU in the Beneficial Use Field Report submitted with this letter match
The water diverted from the POD's and conveyances are described in the Narrative and attached pictures
Yes, 45-14107 and 45-14182 share the same POU
- #3 Water right 45-14182 is permitted for 200 stock in off season in two different townships, three ranges, 7 sections and 53 QQ's.

Water Right 45-14182 is permitted for only 200 stock from 11/16 – 3/14. Water Right 45-14107 will allow an additional 300 stock, in 11/15 – 3/15, both in the same place of use. These two water rights together will permit the owner to keep 500 stock in this place of use during the winter months. This is the desire of the owner.

Please contact me with any questions you may have.

Sincerely,

Charles E. Brockway, P.E.
